Welcome to the System web

This is where Foswiki keeps system documentation, including documentation that is included with optional extensions.

For most people, the System web is read-only; even administrators should not need to modify any of the topics here, though you may want to add your own topics - for example, to answer frequently asked questions from your users.

This site is running Foswiki version **v2.1.6**, Release **Foswiki-2.1.6**, Plugin API version **2.4**
